

Resignation Letter

Dear Boss Jeff,

I would like to formally resign from my position as Arkistaff at AMC under the company of FSBH, effective February 28, 2025. Since day one at AMC, my ultimate goal has always been to become a licensed architect. I have worked hard toward that dream while gaining valuable experience here. However, after failing the Architect Licensure Examination, I have realized that balancing both work and study is no longer an effective approach for me. As time passed, I feel the pressure of time passing without achieving the goal I've been striving for.

This decision has not been easy, as I have truly appreciated my time at AMC. The mentorship, experiences, and opportunities I've had here have contributed significantly to my growth, and I am deeply grateful. I have learned so much from my colleagues, gained valuable insights into the industry, and developed skills that I will carry with me in my journey. Working alongside such a dedicated and talented team has been an honor, and I will always cherish the relationships I have built here. To focus more on my studies, I plan to take face-to-face classes to better prepare for the next licensure exam and fully dedicate myself to earning my license. This is a crucial step for me, and I believe that with the right focus and preparation, I can finally achieve what I have been working toward for so long. No matter how long it takes or how many challenges I face, I will not stop until I earn the title I have always aimed for.

To focus more on my studies, I plan to take face-to-face classes to better prepare for the next licensure exam and fully dedicate myself to earning my license. This is a crucial step for me, and I believe that with the right focus and preparation, I can finally achieve what I have been working toward for so long. I will ensure a smooth transition before my departure and will be happy to assist in any way needed. Please let me know how I can help in this process. Thank you for your support, guidance, and understanding. I look forward to staying in touch, and I hope to return to the industry as a licensed architect in the future.

Sincerely,

Janine Bañes 2-17-25
